Summary: this isn't an story, it's just an idea I have, and I want your opinion of it.

1. Chapter 1

This isn't a story, it's just an idea I have that I want your opinion about. I want to make a new story that's an alternate story after Season 1, an alternate story where Hopper never found Eleven and Will never got possessed by the mind flayer. Speaking of which, this story will be a POV story, and the main characters will be Mike, El, and Will. And while this is a Mileven story, a majority of the Mileven stuff will show up around the middle of the story. Now, in this story, Eleven ends up in Little Rock, Arkansas. I know it's unrealistic that a bus would travel from Indiana to Arkansas, but realism doesn't matter in fanfic stories, let alone Stranger Things, itself.

Basically, Eleven ends up staying in the town's orphanage and eventually gets adopted. She changes her name to Amy and vows to never use her powers again unless she needs to, but makes an exception for the vision part. Meanwhile in Hawkins, Mike begins to become more and more depressed and starts writing songs and playing the guitar to himself. And the story will also focus on Mike and Will's friendship. And as for the other characters, OC and canon, they're definitely in there, but not as much as the three main. And the Upside-Down will also have a pretty big purpose in the story, but that's a surprise. And that's my idea. So please tell me in the review section what you think of this idea.

THANK YOU

2. Chapter 2

This isn't an update on my idea or anything, I just added a new chapter so people could see my story again.

3. Chapter 3

Once again, this isn't an update on my idea or anything, I just added a new chapter so people could see my story, again.
